

## Carta Dei Vini

Collaboration, celebration and generational are just some of the ideals that underpin our purpose at Grossi Fiorentino. From how we coordinate teams, to menu creation and as an extension, how we organise our Cellars. Building a wine list like ours takes time, patience, skill and above all a passion for storytelling. Just as a menu would speak to our Italian heritage while highlighting amazing local produce, so does the selection of bottles we have listed for you in the following pages. These wines showcase the region where they spring from, the personality of a time and place or tell the story of a grape travelling half way across the world to find a new home and a new expression. Ultimately however, these wines are here to help you punctuate the moments for which we are honoured to host you, those moments that make wine all the more delicious. We look forward to exploring these wines with you at the table.

Salute

Grossi Beverage Team

GROSSI

Avvinare is the process where we prime the glass with the wine you are about to enjoy. This ensures that nothing can dull or take away from the flavours and aromas of the wine ensuring an unadulterated wine experience. An initiative introduced by Guy in the early 2000's the practice endures and has become a staple of the wine service at Grossi Fiorentino.

### Cloud Juice Premium Water

*Headquartered in Nugara, King Island, Cloud Juice was founded by Duncan McFie in 1997 with the idea of bringing a breath of fresh air to the world of bottled water.*

*Many people can't stand the rain, but as the great Bob Marley said:*

*'Some people feel the rain, others just get wet'*

*Today's world is consumed by processed foods and technology, but with Cloud Juice the team wanted to get back to the very essence of water.*

*Before the rain falls on land and starts its journey through layers of different minerals, they capture the water on their specifically designed catchment roof.*

*This way, they ensure the water retains its pristine lightness and essential character: something they like to call its 'terroir.' Cloud Juice fills a gap producing a premium gourmet product that is delicious and healthy—with everything you need and nothing you don't. It is now one of Australia's best pure waters, and we are very proud to serve it at Grossi Fiorentino.*

## Non Alcoholic Beverages

### Shrubs

*Shrubs are a combination of Fruit, Vinegar, Water and Sugar. Whilst Shrubs became very popular in England in the 17th and 18th Century, albeit in a different form, we owe thanks to the Romans, who used the combination of Water and Vinegar to make a drink they named 'Posca'.*

*It was claimed to have medicinal qualities and was drunk by the Roman soldiers during battles as well as being consumed by ordinary people.*

*In more modern times, they have been re-intevented as Non-Alcoholic alternatives.*

*Please find this week's selection of Housemade shrubs:*

## Gaja

We are very proud to be Australia's Ambassador for the legendary producer Gaja. One of the most highly acclaimed producers in the World of Wine, the estate was founded in 1859 and has had a huge impact on Piedmontese wines. It was through Angelo Gaja that the wines really drew attention internationally.

Angelo Gaja was revolutionary in so many ways: He was the first to produce single vineyard wines in Piemonte, he replanted several vineyards introducing Chardonnay and Cabernet Sauvignon to the region and he introduced temperature controlled tanks for fermentation as well. The Gaja estates are now run by Angelo's children, although he is still very much not retired.

Gaja now has holdings in Montalcino, Bolgheri and Etna alongside those in Barbaresco and Barolo. We are thrilled to be sharing these fantastic expressions of terroir with you.

## Timorasso

After its near extinction in the 1980s Timorasso has bounced back and is producing some of the most highly sought after wines in Italy. Timorasso is a thin-skinned grape variety that is at home in the hills of Tortona in Piemonte in Northern Italy. The grape started its revival towards the end of the 1980s when Walter Massa made his first vintage from the very few vines that were left of this ancient varietal. Throughout the 1990's both Walter and Claudio Mariotto worked on their winemaking and continued to dive into the exciting world of Timorasso planting several Crus between 1990 and 2000.

These wines have fantastic structure, minerality and depth and we are very proud to be the first venue in Australia dedicating a page of wines to Timorasso. The wines we have on offer showcase Timorasso's beauty and prowess but more importantly they really tell a great story and we are delighted to be sharing them with you.
